| 05/22 | <p>Matters arising;</p> <ul style="list-style-type: none"> • Speed Signs: PS emailed the company for further details but there has been no response to date. Research into the possibility will continue. • Church Tower: The pinnacles have been removed but as they were constructed in sandstone they were falling apart. The remains are now stored on the floor of the tower and will, in due course, be cleared away. They had been held in place by wooden dowels. The stonemasons re-pointed some of the stone work at the top of the tower. The cost of this work, £780, was met by the Church. • Overgrown hedges: The hedge at Hinton Cottage is still restricting access to the pavement, causing pedestrians to step into the road, which is particularly dangerous for children and other vulnerable walkers. LM will contact the resident. • Fire Service: The recent incident has been reviewed, though accounts differ in some details. It is now clear that it is better to use landlines to report emergencies if at all possible as records of telephone calls can then be retrieved | LM |

| 09/22 | <p>DHL Development: PM spoke of the increasing concern about this proposed development just outside Towcester which will lead to a significant increase in traffic on the A5 and A43, causing inevitable congestion and pollution. A very active group has been set up to oppose the plans; 20% of Towcester residents have already signed the petition and a number of local Councils have added their support.
